Forecast for Saturday 20 Nov 2021

Weather: Mixed with only a few light showers overnight and through the morning, while rather cloudy skies allow limited clear then brighter spells. Band of rain spreading from the north early to mid-afternoon, with any heavier outbreaks most likely late afternoon. Rain passing to the south around mid-evening to leave dry and occasionally clear conditions late evening.

Chance of cloud free mountain/hill tops above 600m: 80% lowering 10% by mid-afternoon, before lifting 95% during the late evening

Visibility: Good of very good, becoming moderate or poor, persistently in rain, infrequently in showers, also very poor in hill fog with bases becoming extensive above 450m as the rainband crosses.
